Entrance and changing areas

Access for all participants is via the stairs at the side entrance (swimming pool side by the cafeteria). The lockers in the swimming pool can be used. A €1 coin is required for this. The organizer takes no liability for items that are left in the lockers.

Please note that there is a special situation this year due to roof renovation work in the upper part of the building. This will not restrict you in any ways. There is just no access to this area. The locker rooms are accessible through the cafeteria.

Competition areas

A “competition support zone” will be set up for the coaches on both sides of the pool. We ask everyone not involved in the competition to take their seats in the stands assigned to the team. Divers of the current competition shall use the area next to the pool and the first row of the seating area.

Changes to diving lists

Changes to the diving lists are possible up to a maximum of three hours before the relevant competition. In this regard, we ask you to contact the referee directly.

The competition participants are to be instructed by their trainers that the displayed starting order with the competition series is binding for the announcement and must therefore be checked for correctness. Complaints are to be reported to the referee or the head of competition immediately.

Award ceremonies

The award ceremony for the first three placed athletes of age groups Open, A, B, C and all the athletes of age groups D will take place 15 minutes after the end of the competition. During the award ceremony, all participants have to leave the diving facilities and the diving pool.

Information

The starting order, the competition results (short protocol), the judges' assignments and current information can be viewed on the board in the pool. The complete protocol can be found on the Internet.
